## MEDICINAL.

### Would You Think It?

Would you think it possible that a woman whose shoulders, and beautiful hair suggest womanly perfection and beauty? Such disappointment comes not seldom when the face turned to you shows disfiguring blotches and blemishes. In general the cause of these eruptions is impure blood. Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the corrupt accumulations which cause disease. When the blood is cleansed, pimples, rashes, salt-rheum, boils, sores, and other tellers of impure blood, are perfectly and permanently cured.

"For three years I suffered with that dreaded disease, eczema," writes Mrs. J. Kopp, of Herndon, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken four bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared again. I think your medicine a wonderful cure and hope others suffering as I did, will take it and be relieved of their sufferings."

Some of the most remarkable cures effected by "Golden Medical Discovery," have been of scrofulous diseases. "I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. J. Kopp, of Herndon, Oregon. "It has cured me of chronic eczema of twelve years' standing. I had doctored for the trouble until I was completely discouraged. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

## Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

## Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

**NEGRO LYNCHED.**—Montgomery Godley, a colored man, was taken from the jail at Pittsburg, Kansas, yesterday and lynched by a mob because early that morning he had shot and killed Milton Hinkle, a policeman, while the officer was trying to protect himself against a crowd of unruly negroes. At the first effort to lynch the negro the rope broke. Some one in the crowd then cut Godley's throat, severing the jugular vein. After this he was hanged a second time. The shooting of Police- man Hinkle occurred at a dance which was attended by a large number of negro men and women from neighboring mining camps. Montgomery Godley and his brother were drinking, and had become very disorderly, when Police- man Hinkle interfered. The negroes became insulting, and when Hinkle drew his club to defend himself, Montgomery Godley slipped behind the policeman, grabbed the officer's pistol, and shot Hinkle behind the ear. The wounded policeman was carried to the city hall, where he died several hours later. The news of the shooting spread rapidly, and a mob gathered in front of the jail. The doors were battered in, and the mob seized Montgomery Godley, who, with his brother, had been arrested soon after the shooting. They took the slayer to a telephone pole three blocks away, and there hanged him. At first the negro was defiant, but just before he was hanged he begged hard for his life.

**DOCTOR FAINTS WATCHING LORENZ.** Professor Lorenz failed of success in an operation for hip trouble at the Children's Hospital in Boston on Tuesday, but the subject, a boy, was beyond the age limit set by the surgeon for perfectly satisfactory results. The lad was under the hands of the doctor for twenty-five minutes. Then Professor Lorenz decided that it would be useless to operate further. He succeeded, however, in placing the crippled limb in a position which the doctors, who witnessed the proceedings, said would materially help the patient. Dr. Lorenz expressed the opinion that if he could have the lad under surveillance for a month or two he could make a complete cure. The boy was nineteen years old. In two other cases that morning the doctor was entirely successful. The subjects were girls, one three and a half years old, and the other seven. The first operation took three minutes and the other five. The unusual force employed by Dr. Lorenz in the first case made such an impression on one of the doctors present that the unusual spectacle was witnessed of a physician fainting in the operating room. A second physician was nearly overcome. At noon Dr. Lorenz met about three hundred physicians and surgeons, besides several well known citizens of Boston, at an informal luncheon at the New Algonquin Club. Among those present were Governor Crane and Mayor Collins. During the afternoon the doctor was taken on a tour of the city.

**MRS. ROOSEVELT'S PRESENTS.**—The most interesting of the numerous presents received at the White House was the souvenir presented to Mrs. Roosevelt by the Cabinet ladies. The gift is an exquisite gold net purse set with diamonds and sapphires. In dainty engraving on the face is the inscription, "Mrs. Theodore Roosevelt," and on the inner lining, "From the ladies of the Cabinet, December 25, 1902." The purse is the work of Tiffany, and is enclosed in a white leather box of enameled alligator skin. The Cabinet women spent much time and reflection in selecting this gift. They petitioned the President and every member of the Roosevelt family to discover something Mrs. Roosevelt especially desired. They were informed that she greatly admired a similar purse, and Mrs. Hay was immediately commissioned to engage Tiffany to reproduce one which would be a very gem of its kind. The pattern is unique, and will not be duplicated. It is understood that the President's gift to his wife was a diamond ornament in the shape of a spray or aigrette for her headpiece. Miss Alice also received diamond earrings to match the brooch given last Christmas by her father.

**HOUSE BLOWN UP.**—The house of Robert Floyd, two miles east of Manassas, Va., was blown up with nitroglycerine early Wednesday morning. Mr. Floyd was killed and his wife and two children were seriously injured. The crime, which was one of the most atrocious in the criminal annals of the State, seems to be inexplicable. The Floyds, well-to-do and peaceful citizens, lived in an isolated spot, and so far as known, had no enemies. At first it was supposed that an attempt was made to secure the money in the house—about \$2,000—but this was not touched. The explosive was shoved under the floor, near the sleeping-rooms of the family. That part of the house was demolished. Mr. Floyd, who was 75 years of age, was

blown into a shapeless mass. His wife and children, who occupied other rooms, were dangerously hurt. The authorities know that it was premeditated murder. Not an ounce of such explosive was kept in that part of the country.

**To Get Rid of a Troublesome Corn.**

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by Richard Gibson, druggist.

To accommodate those who are partial to the use of atomizers in applying liquids to the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry the face regularly in the daily panorama of human life. The Tribune is instructive, stimulating and entertaining.
